

Trainers/Consultants/Coaches

For our customers reknown as Agricultural Machinery and Automotive manufacturers we are hiring

native speaking Trainers / Consultants / Coaches

as freelancers for international projects.

Your tasks as trainer /consultant / coach will comprise a professional moderation of seminars and workshops in Sales, Service and Management as well as designing training concepts focussed on specific target groups and customizing prefabricated concepts concerning the country-specific environments.

You, as the ideal candidate, should avail of a solid technical or commercial education, e.g. vocational training, advanced professional training or academic studies.

Our expectations required for this job are:

- profound experience in sales or management acquired in an automotive or agricultural machinery dealership or service organization
- appropriate addressing to target groups (by word and in writing)
- excellent training competence
- good command in the English language
- sound user of MS Office software
- convincing appearance
- professional, customer-oriented, motivated and independent acting
- travel willingness

With great interest, we are looking forward to your application, preferably by email.

Please address your application to personal@serco.de or, alternatively
